Big Bulldog Band Set For Concert

All Sierra Madre Invited To Party At School Auditorium Next Friday

Auditorium of the Sierra Madre grammar school will echo with peppy music and songs Friday evening, December 15, when 65 members of the nationally famous Bulldog band, official leaders of the Tournament of Roses, will give a concert free to the public. The red and white clad youths whose fame as a band has spread through the nation are directed by Audre L. Strong, and are always a part of any big doings at Pasadena Junior College.

The entire band, composed of about 150 pieces, was featured at a Fourth of July celebration at Baker, Oregon, and on its itinerary stopped off at many cities and the Golden Gate Exposition, everywhere receiving a rousing hand for its splendid performances.

Sierra Madreans are promised excellent entertainment next Friday evening, with patriotic and novelty numbers, in addition to college and football songs. Sixty-five members of the band will appear in Sierra Madre that evening, and everybody in the city is invited to attend. William L. Burr, president of the Chamber of Commerce, who secured the band, stated, "If a good turnout responds, it may be possible that on future occasions the band will return for concerts. At any rate, a packed auditorium will be the best way to show appreciation for the band's first public appearance in Sierra Madre."

Camp Fire girls in uniform will act as ushers and will also sing a group of Christmas carols. Preceding the concert, there will be a short business meeting of the Chamber of Commerce, seats for members being reserved in a special location. New officers of the Chamber of Commerce will be elected at that time.

The splendid radio which the city received for its float prize in the Tournament of Roses parade and a bicycle, with many accessories, will be awarded the same evening.

New Officers Named By Altar Society

Women elected to serve as officers of St. Rita's Altar Society for the coming year at the annual election held Tuesday, December 5. Mrs. Woodson F. Jones, president; Mrs. William D. Richards, first vice-president; Mrs. William J. Colligan, second vice-president; Mrs. W. F. Maloney, secretary; Mrs. Frank A. Spencer, treasurer; Mrs. Ellen Brauman, custodian and Mrs. George Otte, publicity. Retiring officers are Mrs. Bert McGuire, president, and Mrs. LeRoy Owens, vice president.

In keeping with the Christmas theme, Mrs. Colligan gave an interesting talk on famous artists who have painted Madonnas.

Sierra Madrean Picks Off Prizes At Poultry Show

Although entries by Sierra Madreans were few in the Fourth annual Santa Anita Poultry, Pigeon, Rabbit and Game Birds Show which closed Sunday at the Santa Anita Race Track, high quality of local exhibits was recognized.

Three Buff Brahma chickens entered by Frank Manville, butcher at Brock's Market, won two first prizes in the poultry division. They are the only thoroughbred Buff Brahmas in Southern California, and one, at the age of six months, weighs 11 pounds, which is a lot for even this heavy breed. Buff Brahmas are an unusually beautiful type of fowl, with pea comb and feathered legs. They are valuable as egg layers as well as for the market.

The prize Brahmas will be on display at Brock's Market tomorrow. Mr. Manville raises the chickens at his home in Temple City.

Organ Recitals At Church During Holiday Season

In a series of evening organ recitals to be given at the congregational church during the month of December will feature Katherine McBurney at the Sunday evening. Miss McBurney, permanent church organist, will play five selections: "Toccata and Adagio in C major" (Bach); "Fountain Reverie" (Percy E. Fletcher); "Cantilene" (A. Mailly); "At Eventide" (F. N. Shackley) and "Finale in A minor" (Cuthbert Harris).

Samuel Kirk, baritone, will be soloist and has selected a group of beloved songs for his part on the program. The public is cordially invited to attend the concert.

Foremost Anti-War Leaders To Speak At Vine Gardens

The Council of International Relations of Southern California will present Herbert Biberman as guest speaker at the Sunday evening supper program at Wistaria Vine Gardens at 6 o'clock. His subject will be "Next Steps in Bringing About World Peace."

Mr. Biberman, a motion picture director, a director of the American Union of Concerted Peace Efforts, of which a Southern California branch is now being formed, Dr. George Day, of Occidental College, acting president of the group, will present Mr. Biberman.

Appearing on the same program will be Dr. E. Guy Talbot, executive-secretary of the World Alliance for Friendship.

The affair is open to the public and reservations for the event may be made by telephoning Custer 2763 until Saturday noon.

Building In 11 Months Beats '38

New Home Construction Here Expected To Far Outdistance Last Year

With just one more month to go in Sierra Madre's building program there is no doubt but what 1939 will exceed last year's total by a considerable margin, according to Building Inspector William Lees. Permits aggregating \$205,444 were issued for the first 11 months this year, compared to \$201,493 in 1938. November permits totaled \$20,754 in comparison with \$14,530 for the same month last year.

Five room homes seemed to be the most popular this month, permits for this type being issued to four Sierra Madreans. A home of this size, according to Mr. Lees, is the practical type for the average family, and is also easiest to sell.

Sierra Madreans who are not building homes are remodeling and repairing their present dwellings, preparatory to the rainy season. Permits in November were issued to R. W. Solomon, 657 West Grand View avenue, re-roof; Sierra Madre Ice Company, 71 East Montecito avenue, re-roof dwelling and ice house; Constance Campbell and May Bettes, Los Angeles, new home at 35 Lowell avenue; Rev. M. D. Kneeland, 171 South Hermosa avenue, dwelling; Harold Spears, 230 Sunnyside, dwelling and garage; Charles E. Askev, 23 South Lima, addition; Farman estate, 70 Mira Monte, re-roof; H. M. Seik, 487 East Sierra Madre, dwelling and garage; Dr. J. L. Woehler, 718 Manzanita avenue, addition; Mr. and Mrs. Nelson, 365 Auburn avenue, alter dwelling, and additions.

December building permits issued during the first week indicated that there will be no let-up in construction during the Christmas holidays. W. B. Durham took out a permit to build a 5 room home and garage at 45 East Lowell avenue; Tony Barela, erect tool shed at 130 Suffolk avenue; F. A. Pushee, 561 Alta Vista Drive, erect garage; and Charles Mann of Los Angeles, demolish three store buildings at 601 Woodland and avenue

Funds Needed For City's Float Entry

A campaign to raise funds with which to put Sierra Madre's entry in the 1940 Tournament of Roses is nearing the end. Many persons heretofore have given generously towards the city's representation in this most sublime beautiful of all pageants in the world have not yet sent in their contributions, according to E. C. Lewis, treasurer of the float fund. The character of the city's entry will, of course, depend entirely upon the funds available.

Members of the float committee who have seen the various designs submitted and particularly that of Alfred J. Dewey which has been selected, declared it the most striking thing ever seen in a Rose parade and if it is possible to raise an amount sufficient to place it in the gorgeous spectacle, Sierra Madre will bring home another prize—probably the sweepstakes.

"The Twentieth Century in Flowers," is the theme of the forthcoming tournament. An outstanding float entered is a streamlined train 66 feet long which it will require 375,000 individual blooms to decorate. Another entry is a replica of the world's greatest telescope being erected at Palomar mountain.

To aid in raising funds for Sierra Madre's entry, use of the Wistaria Vine Gardens has been tendered for a bridge and other games party on Monday, December 18. Mrs. Fletcher White will be chairman for the evening and it is expected that hundreds of Sierra Madreans will attend this gala event.

City To Don Holiday Garb Tomorrow

Gaily Lighted Trees And Garlands Will Dot Downtown Shopping District

Thirty-six green tubs and Christmas trees will be set out in the business district by the Chamber of Commerce today by city crews, first step in Sierra Madre's dress-up for the holiday season. Trees will be placed at regular intervals on either side of the street and it will be up to merchants in front of whose buildings they stand to decorate them.

Tomorrow evening at sundown the city will be holiday lighted for the first time, merchants being urged to light their trees and wreaths and make the business district blaze with color in a preliminary festive fashion.

At a meeting of the Chamber of Commerce November 30, purchase of 300 feet of wire and 100 green and red lights was ordered, to be used as garlands strung between light standards. The idea the Chamber has in mind is to buy a certain amount of lights and wire each year, until it has enough to span the city on both sides of the street.

Some merchants are hesitant about trimming trees which may be placed in front of their buildings, because of theft of light globes in former years. However, the Chamber unanimously decided that in order to protect the tree decorations during the holiday season, stringent measures would be used to see that they are unmolested. Cooperation of the police department has been assured and persons found destroying or removing ornaments or lights from trees will be punished. Any complaints businessmen might have regarding theft of lights should be turned over to the Chamber of Commerce.

Many residents have informed the chamber they will have outdoor Christmas trees and other decorations this year and it has been requested that as many as possible of these be lighted December 20.

Santa Will Visit Sierra Madre Tomorrow

Santa Claus will be in Sierra Madre tomorrow! In a tiny red sleigh drawn by four white goats, Janice Higdon will drive up and down Sierra Madre, at noon tomorrow. Janice is only four years old but she holds the four prancing goats in check like a veteran, and finds time to shower smiles on her audience as well.

The reindeer sleigh team of trained goats will thrill Sierra Madre's younger generation and those somewhat older will also enjoy the antics of Tommy, Jerry, Jean and Esther, the goats, and their tiny leader, Janice. The four were born on the same day and Janice took to them immediately. She liked the wobbly animals so much that her father, W. C. Higdon, former Sierra Madrean, now of Bellflower, decided to train them to draw her in a little red wagon. The Santa Claus idea was the next step and now Janice and her goats furnish entertainment for children in various communities.

So, watch for Santa Claus tomorrow. She will be here at 12 o'clock and will remain for about two hours. William L. Burr, president of the Chamber of Commerce, arranged for Janice's Sierra Madre appearance.

Fete Plans Made At Dinner Honoring Mrs. Ida Lawless

Fifty well-known men and women of Sierra Madre, including all the councilmen, their wives and members of the city administration and heads of civic organizations surprised Mrs. W. J. Lawless on her birthday at a dinner party in her honor at Wistaria Vine Gardens Tuesday evening. Following the repast, there was an informal discussion of concerted community effort to make the 1940 Wistaria fete an outstanding one in the long series of delightful community events. Importance of the festival as a community event was stressed by heads of many local organizations who pledged their utmost support and Mrs. Lawless was highly praised for her efforts to make the Vine Gardens one of the most outstanding attractions of the West Coast.

A film projected by Joseph Gippel, of the NEWS mechanical department and which will be shown throughout California during the next few weeks, gave an intimate idea of a Wistaria fete at its height, and the various social activities carried on under the gorgeous blooming vine. It also showed the gardens in bloom at the various seasons of the year when the many rare plants are in blossom.

Mrs. Lawless graciously expressed her appreciation of the surprise.

Rose Parade Route Is Changed

Sierra Madre Boulevard Terminus Abandoned In Final Conference

At last the Rose Tournament route is settled. Tournament officials and the Pasadena City Council, in joint session yesterday decided upon a new route which will take the parade largely out of Pasadena's residential district and keep it more confined to the business section.

There will be only two turns this year. Starting on South Orange Grove as before, the floats will move to Colorado street and continue east to Madre avenue. Then it will turn south to Blanchard street to the grounds of Willard Elementary school, where the post-parade will be held. Formerly the floats were displayed at Tournament Park where the Tournament began. Madre avenue is about a half mile east of San Gabriel boulevard.

A proposal to bring the parade east to Sierra Madre, then south to San Pasqual avenue, a residential street, brought such a vigorous protest from San Pasqual residents that the plan yesterday was agreed upon as a compromise.

The new route, which will be about five miles long, with the exception of formation and disbanding area will be entirely in the commercial section. Continuing in a straight line and keeping the parade on main thoroughfares is expected to greatly aid police in handling traffic and the crowd, Harlan G. Loud, president of the Tournament of Roses Association, said.

Youth Asked To Tell Its Desires

Questionnaires Will Serve As Guide For Committee Planning Movement

To determine just what activities young people in Sierra Madre are interested in and to plan a youth movement program accordingly, 1500 questionnaires are being sent out to students at the Sierra Madre grammar school, St. Rita's school, local students at Woodrow Wilson Junior High school and Pasadena College, by the committee formulating the program.

The questionnaire is especially directed to younger people through the 9th grade. Each student who receives a copy is urged to fill it out immediately and return it to the city hall. Because it may not be possible to get a complete list of Sierra Madre students at the Pasadena schools, students who may not receive a questionnaire are requested to apply for one at the city hall. At a later date, it is possible that a questionnaire more suited for the older group will be compiled.

"The important thing is for each student to fill in the blanks and return the paper," said Clarence G. Huntsinger, chairman of the city's youth movement committee. "If we get a prompt response, it may be that within two weeks we will start things rolling. We must have about 50 per cent of the questionnaires returned before we can determine what outside activities most interest young people."

Liking favorite hobbies, sports, favorite school studies will give the committee an opportunity to tell what sports interest them and the last question might be the key to solving Sierra Madre's youth program problem, "Yes" or "No" answers are required to questions on interest in arts, crafts, dramatics and music.

Observations

By Lee Shippey

THE kids of this town need a football field with devil grass and goal posts on it. Now they have to practice on rocky lots where they get skinned and bruised, and if they practice in the park they get chased. In spite of that they went to Arcadia and won a game, 10 to 7, Sunday morning. Our kids shouldn't have to go to Arcadia to find a field worth playing on.

Edward Hart Is Killed By Autoist

Former Sierra Madrean Was Father Of State's Avocado Industry

Edward G. Hart, 64, of La Habra Heights, son of the late Professor J. J. Hart, one of the pioneers of Sierra Madre, founder of the avocado industry in California, and father of Mrs. William H. Schwartz of this city, was struck down by an automobile while crossing the street at Olympic and Velasco street in Los Angeles and died in Georgia Street Receiving hospital Wednesday evening. Funeral arrangements have not been completed, but services will be held Saturday at Whittier.

Mr. Hart spent his boyhood in Sierra Madre and has many friends here. Since leaving the city, he has resided in San Marino and La Habra Heights.

Prominent as citrus and avocado pioneer developer, Mr. Hart was a brother of Deputy District Attorney John W. Hart. He came to California in 1884 from Cleveland, Ohio, and has 3,600 acres of citrus and avocado fruit land. He became interested in developing avocados after a visit to Mexico some years ago. Bringing back stock, he started the first commercial avocado enterprise in America on a large scale.

He headed a realty company under his name and formerly was chairman of the California Land Show, and was a pioneer member and past president of the Los Angeles Realty Board.

Police arrested the driver of the machine involved, George J. Maat, 29, of Inglewood and booked him on suspicion of negligent homicide. An autopsy will be held.

Add Custer Prefix To Phone Numbers In Sierra Madre

Sierra Madre's new telephone directories, product of THE NEWS printery, just being distributed, are different than those of last year in two respects. The covers are green—the same color as that used for Pasadena and Los Angeles directories, and the prefix "Custer" appears before each telephone number. Use of the prefix was made necessary by the inclusion of Rancho Santa Anita and Santa Anita Oaks subdivisions in the Sierra Madre directory. However, it is only necessary to use the "Custer" prefix when calling Sierra Madre from out of town.

Once before Sierra Madre had a prefix—about ten years ago—when the city was divided into sections according to color—red, blue, black and green. Since the time the color prefix was dropped until the 1939 directories appeared there has been no prefix.

Artists Join To Aid Miss Kortkamp

Donate Services At Benefit To Help Her Musical Education

Artist friends of Miss Moreland Kortkamp, Sierra Madre pianist, have joined forces to give a Christmas concert so that she may continue her musical education in New York. The concert will be given in the Shakespeare Club, 230 South Los Robles, Pasadena, on Tuesday night, December 19, at 8:15 p.m.

Miss Kortkamp recently won a scholarship providing free tuition at the Graduate School of the Juilliard Institute, where she is studying piano, and related subjects. Her work is so exacting that it has cut down the time she can devote to outside work to earn living expenses. Her friends hope to provide substantial aid from the proceeds of this concert, the only expenses of which will be a small fee for the auditorium.

Artists who will assist in the program are Elizabeth and Harlow Mills, violin and piano; Glen-burn Burris, baritone; Dorothy Behn and Will Headley, pianists; Madame Sofonova, soprano, and Helen Wig Elgin, harpist.

Sierra Madre Girl May Be Queen Of Rose Tournament

Blonde, stately Dorothy Levinson, daughter of Mrs. Samuel Levinson, 187 North Sunnyside avenue, may be queen of the 1940 Tournament of Roses. The coveted title of queen to preside at the world renowned New Year's festival will be bestowed on one of seven lucky girls, all Pasadena Junior College students, next week. Miss Levinson, an 18 year old sophomore, is one of seven selected from 3,000 potential candidates. From this group of seven judges will select the queen, the remaining six to be princesses and ride on the title float. So whether as queen or princess in the royal court, Miss Levinson will be Sierra Madre representative on the leading float.

The girls were chosen with "number identification" only. Names and addresses of the girls were not known by the judges until after selection had been made. Only three of the girls live in Pasadena. Two come from San Gabriel, another from Alhambra, besides Miss Levinson. PJC's East Campus contributed six of the finalists, while last year four of the seven came from the West Campus.

Young Hikers Hurt When Ledge Slips

Two young hikers received serious injuries late Sunday afternoon when an Eaton Canyon bank gave way and the boys plunged more than 40 feet to the rocky wash. David Wimberly, 16, of El Monte, most seriously hurt, was carried out of the canyon on a stretcher by two deputies aided by trustees. He was taken to St. Luke's hospital where a lacerated head and rib injuries were discovered. Lee Kenney of Temple City received many bruises in the plunge. Just preceding the accident the boys met two other hikers, one of whom ran for aid. David was carried out three-fourths of a mile to an Altadena ambulance.

No Sierra Madreans On Next Grand Jury

Sierra Madre will not have a representative on the 1940 Los Angeles County Grand Jury. Of all the hundreds of names submitted by the various superior court judges there is not a single Sierra Madrean. San Marino has several. So has Altadena, and there are at least a dozen Pasadenaans on the tentative list from which the jury will finally be selected. City Treasurer Carl Pegler is a member of the present jury, first member of the community to sit in this body for several years.

New PE Rates To Be Xmas Gift Here

Reduced Fares Ordered By Railroad Commission Effective December 25

Sierra Madre Pacific Electric commuters are promised a Christmas gift from the company in the form of reduced rates to and from Los Angeles to be effective on December 25. Far reaching changes in the service, equipment and fares of the P.E. were ordered by the California Railroad Commission Wednesday following a long investigation.

"A substantial reduction in round trip fares where the one-way fare is 30 cents or over," is promised in the order. In October, a reduction of 11c in the round trip fare, making it 55c rather than the 66c rate now charged, was asked by the P. E. company.

Also affecting Sierra Madre PE riders is the discontinuance of existing 30-ride family, 46-ride school and 60-ride commutation tickets, together with the weekly and monthly revenue passes, and establishment of commutation fares on a 10-ride and 30-ride tickets for individual use. Rates for these tickets vary from 1.7 cents to 1.15 cents per mile, compared to the general two cents fare structure for one-way tickets.

This will be a reduction of approximately one-half cent per mile, since the present rate per mile from here to Los Angeles is a little over two cents per mile. Discontinuance of school commutation tickets will affect about 40 boys and girls who ride the Pacific Electric cars. Last month 36 books were issued by Ticket Agent Graham.

Zone fares in Los Angeles will be reduced to 5 cents, in place of the 6-cent fare granted several months ago by the commission. The new fare charges ordered by the commission include a general reduction of interurban fares of approximately 10 per cent which places them on a general basis of 2 cents a mile.

Under the new order of the commission, weekly, monthly and Sunday revenue passes will be discontinued. The existing \$1.50 joint company pass will remain in effect.

In Glendale, the present 6-cent fare zone plan and limited transfer privileges will be abolished in favor of a 7-cent cash fare or four tokens for 25 cents, on a city-wide basis, with a 5-cent fare will be reduced.

Pasadena local lines fares are held in abeyance pending further hearings.

Painting Of Sierra Madre Boy Wins In Art Exhibit

A portrait of "Dickie" Patterson, painted by Richard Harris, uncle of "Dicke", as a surprise for Mr. and Mrs. Richard Patterson of 88 North Auburn avenue, the boy's parents, led four of the five weeks popular vote for best oil in the exhibit of Southern California artists which closed Saturday at Whittier Art Center. "Dickie", who is a 6th grade Sierra Madre pupil, posed for the portrait during last summer's vacation and was able to keep the secret from his parents until they visited the Whittier gallery.

A Whittier newspaper commenting on the picture said "Dickie...shows the wide eyed curiosity of all youth but with it a wistfulness and a serious maturity which are the essence of this particular child."

The artist expects to present the portrait to Mr. and Mrs. Patterson as a Christmas present and their friends will look forward to seeing it in Sierra Madre.

PICKING ON MOLOCH

In the schools of the Soviet Union, history texts of the future will read something like this: "During November, 1939, the insolence of barbarous, belligerent Finland rose to new heights of shameful slander and incitement to war. Ever a lover of peace, even our gentle Dictator Stalin was moved to anger by those bold threats to destroy our nation. But the savage taunts of Finland's warlords could not daunt our gentle Stalin, nor terrify the hosts of the Red Army and Navy. Fearlessly our nation, 180 million strong, took up arms against the war-mongering Finns. Reluctantly we bombed their cities, shelled their ports and seized their garrisons, re-establishing law and order and again proving Soviet Russia's unswerving desire to live at peace with her neighbors at all times."

LIKE THE OLD DAME

She is the merciless arbiter of how millions of men and women shall dress, and the tireless instigator of new styles—which women will go any lengths to adopt, and most men any lengths to avoid.

Her name is Dame Fortune. It isn't often this benevolent tyrant, whose humble servants most of us are, has to take it on the chin. But in Elizabeth Hawes, noted and unorthodox New York designer, Dame Fashion has met an outspoken rebel. Declaring that "fashion" is spinach," she wrote a book to prove it. Last week in a

talk at Washington, D.C., her verbal lances were leveled at the "zany hats, red finger nails, slit skirts, hobble skirts, busties, and corsets."

But its fashion, weird as its ever-changing decrees are, that helps make the world go round, that keeps textile mills humming, cash-registers ringing and pay-rolls well-filled. Designer Hawes argues for simple, practical apparel, a moratorium on attention-getting hats, and on the creased-trouser fad which costs men hundreds of thousands of dollars yearly. Yet mightn't a moratorium on these follies cost more than it would be worth?

The question, however, needs no pondering. It will never become a public issue, demanding a verdict. The truth is that most people will admit fashion is spinach. But they like it—which they may not admit!

PRICE OF WAR

When war comes, freedom flies out the window.

Whether the combatants be "democracies" or "dictatorships," the smoke of war guns casts its sinister smudge over all combatants, leaving them barely recognizable.

With the following facts at his disposal, let the reader identify the country here described:

In this nation there is a federal law-making body, supposedly representing the will of the people. But in effect, it only ratifies laws; it does not make them. Laws are created by decrees. All major industries are controlled by the State. This includes railroads, shipping, even agriculture. The government has full powers to requisition workers, to place them at any jobs, any time, where they are needed, to fix wages, hours and working conditions, and settle all labor disputes.

That description fits perfectly that of any dictatorship nation. But it is not Germany, Russia, or Italy. It is democratic France in December, 1939. And who knows when, if ever, it will completely emerge from the totalitarian strait-jacket?

"YOUNG APRIL" COMING TO THE PLAYHOUSE

Exit the pom-pom pink of high school days and enter the chop-chop collegiate era for a bunch of kids known from Atlantic to Pacific, the McIntyres. When "Young April" comes in its world premiere to the Pasadena Community Playhouse, December 12-23, it will be bringing back the "Growing Pains" gang to the original setting of their footlight birth. The new Aurania Rouverol comedy follows as a direct sequel to the famous "Growing Pains" which took its first baptism of spotlights at the Playhouse on August 22, 1933, and since has been played and seen in thousands of cities throughout the country.

THE SPIRIT OF '39

NEWS ITEM—FORWARD WITH THE REPUBLIC
THEME OF ANNUAL CONGRESS OF AMERICAN INDUSTRY IN NEW YORK DEC. 6th, 7th, 8th

"A nation-wide poll indicated that 25 per cent of the people believe they do not pay taxes," says the Kansas City Times. "Presumably these are people who never ride in motorcars, who do not live in houses or apartments, who do not buy food or clothing or do any of the other things that go to make up present-day living. That 25 per cent is pretty mythical. It's the supreme example of self-deception. It sees no tax bills and so concludes it does not pay. It's pretty much like saying that because you don't see the heat or cold neither can exist." What this all adds up to is simply that the great bulk of taxes collected in this country are hidden taxes. Nobody sends you a quarterly or an annual statement showing the total you pay. Instead you pay taxes hourly, daily, weekly, in little pieces—when you make a purchase or pay your rent or go to a show. And, in a year's time, those little pieces total more than 20 per cent of your entire income. In other words, your earnings for over one month out of five go to the tax collector instead of into your own pocket.

A total tonnage of 303,000. Britain possessed 8977 such vessels, totaling 21,001,925 tons, at the beginning of the year. In nearly 13 weeks of war, then, England has lost slightly more than one per cent of its merchant tonnage. During those same 13 weeks she launched almost as many new merchant vessels as were lost.

Farm population of the United States, although less than 30 per cent of the nation's total, includes more than 35 per cent of the child population.

We Americans are the world's most careless people when it comes to fire. Nowhere else in the world is the "crime" of fire so prevalent. A simple set of statistics readily proves this. Fire loss in this country runs in the neighborhood of \$2.00 per year for every man, woman and child of the population. By comparison,

loss in Sweden is 89 cents per capita; loss in Great Britain is 82 cents; loss in Italy is 78 cents; loss in France is 61 cents, and loss in Germany is 11 cents. In other words, we destroy more than twice as much property with fire as is destroyed in the next highest country—and close to 20 times as much as in the lowest on the list.

At the end of the third quarter California traffic deaths totaled 1,967 as compared with 1,872 for the first nine months of 1938.

America's national income in October—the income received by all persons from wages, rent, dividends, and other sources—added up to \$300 million more this year than it did last October when it reached \$6,200,000,000. That sizeable bit of Christmas cheer, plus a longer shopping season in half the states, plus pay roll and employment indexes at their highest peaks since the autumn of 1937, speak well of this year's Yuletide season. They speak, in fact, a message which says "A very merry Christmas!"

It Always Pays

It not only pays to advertise. It pays even to start to advertise! A news dispatch from Hopkinsville, Ky., proves the point emphatically.

A man who had lost a purse containing \$255 in currency appeared in the office of the city's newspaper at the same moment the finder of the purse entered. One had come to advertise his loss, the other his "find."

Providing the incident with a happy ending, the loser recovered the entire sum lost, the finder rejected the reward of \$25 and accepted \$5.

The newspaper went adless—but it advertised the result.

That's a true story as well as a good one, and right at this season of the year it has a special point. With the nation holding a fatter than usual Christmas purse, with retail prices lower than in 1937 and business indices the highest in ten years, it's up to wide-awake merchants to tell their story to the public.

Now is the time to begin!

CRYSTAL LAKE ROAD IS COMPLETED

Reconstruction work has just been completed on the San Gabriel Canyon road, the popular recreational route from Azusa to Crystal Lake camp grounds, that was severely damaged by the storm of March 1935. An oil surfaced roadway is now provided over the entire distance of 26 miles. The major storm damage on this route, which has now been repaired, occurred between West Fork and Crystal Lake. It consisted of slides, washouts and destroyed bridges and culverts.

DAVID WAS THE YOUNGEST SON OF JESSE. HE WAS A SHEPHERD BOY AND KEPT HIS FATHER'S SHEEP. EACH MORNING DAVID LED THE SHEEP INTO PASTURES WHERE THE GRASS WAS GREEN AND WHERE THE WATER WAS CLEAR AND STILL. THERE WERE TREES UNDER WHOSE SHADE THE SHEEP RESTED.

DAVID CARRIED A CROOK WITH HIM. WHEN A SHEEP OR LAMB WENT ASTRAY, DAVID USED HIS CROOK TO GUIDE IT BACK TO THE FLOCK. IF A SHEEP OR LAMB FELL FROM THE ROCKY PATH OVER WHICH THEY TRAVELED, DAVID HELPED IT BACK TO THE PATH WITH HIS CROOK.

WILD ANIMALS LIVED IN THE WOODS AROUND THE GREEN PASTURES. SO DAVID CARRIED A CLUB. ONE DAY A BEAR CAME OUT OF THE WOODS TO KILL A LAMB OF THE FLOCK. DAVID STRUCK THE BEAR WITH HIS CLUB AND KILLED IT. HE ALSO KILLED A LION ONE DAY.

DAVID OFTEN CARRIED A HARP. WHEN THE SHEEP RESTED DAVID PLAYED UPON HIS HARP. HIS MUSIC WAS LIKE WIND IN THE TREES; LIKE WATER RUSHING OVER STONES IN THE BROOK; LIKE SINGING BIRDS. ONE DAY DAVID PLAYED ON HIS HARP AND SANG "THE LORD IS MY SHEPHERD." Barrett Features Syndicate

Pack Church To Hear Its New Organ

Performance Of Fred
Hooker Jones Memorial
Pleases Large Audience

Fred Hooker Jones memorial organ in a formal service Sunday morning at the Congregational Church was dedicated "in the spirit of devotion to the God from whom we receive every good and perfect gift." A capacity crowd filled the church necessitating provision of extra seats to accommodate Sierra Madreans who highly praised the splendid instrument. The organ was a gift to the church by the late Alice Spencer Pritchard, wife of Rev. Arthur O. Pritchard, and installation was just recently completed.

James H. Shearer, guest organist of Pasadena, played two movements from the Fourth Symphony (Widor) as an organ prelude at the 11 o'clock service. Presentation of the organ was made by a representative of the organ company, Charles W. Jones for the church, and Mr. Shearer for the church organists. Following dedication prayer and hymn, Mr. Pritchard spoke on "Life's Harmonies." As a postlude Mr. Shearer played "Fantasia and Fugue in C Minor" by J. S. Bach.

At evening services a dedication recital was given by Mr. Shearer, at the organ; Elizabeth Morgridge Mills, violin; and Pasadena Choral Ensemble. Mrs. Mills played "Andante from Symphonies Espagnole" (Lalo) and "Air: My Heart is Fixed" (Bach). Three groups of organ numbers were played by Mr. Shearer.

Mr. Jones was chairman of the organ committee, assisted by Mrs. E. E. Bacon, Mrs. G. B. Morggridge, Miss Muriel Tarr and F. W. Miles. Miss Catherine J. McBurney is the church organist.

The guest artist will be Leslie Brigham, distinguished dramatic baritone and character song recitalist.

Camp Fire Girls See How Postoffice Is Operated

A special meeting for those girls of the Yallani Camp Fire Group who were unable to go on a recent camping trip was held Saturday, December 2 at the home of their guardian, Mrs. C. L. Young. Alice Burnham, Jeanette Carlson, Louise Perry and June Ross earned honors by making the fire, helping to prepare food and cleaning up after the outdoor meal. After a happy afternoon the girls were taken home by Mrs. Young.

At the regular meeting of the Yallani group Monday afternoon Postmaster R. O. Calkin showed the girls how packages and letters should be prepared for mailing and explained, first, second, third and fourth class mail; air mail; how to register and insure mail, and gave them bulletins and blanks to fill out to be put in their record books for further reference. The girls then tried their hands at wrapping demonstration packages.

FIRE FLAMES

By One of the Boys

There are only a few more days before the firemen's big party at the Womens clubhouse and only a short time to get that ticket you have been going to buy. As most Sierra Madreans have known for years, the funds raised from this ticket selling campaign go only to preparation of baskets for the needy and the Christmas tree treat for the kiddies at the park on Christmas eve.

The men of the fire department devote considerable time to making this a success. All the men feel grateful to the folks who aid by buying tickets and donating their help in many ways. We also want the owner of the SIERRA MADRE NEWS to know that the boys appreciate his co-operation in making this annual event a success. We know he is for it. Lets keep up the good work. Keep the Fires Out.

Sierra Madre Jews Are Kindling Lights Celebrating An Event That Occurred About 200 B.C.

Sundown Wednesday marked the beginning of the Jewish holiday known as Chanukah, or "The Feast of Lights." The Hebrew word Chanukah means "dedication." The holiday commemorates the victory of the Maccabees over the forces of Antiochus, the Syrian ruler, about the year 200 B.C.

The struggle was between Hellenism, which proclaimed that the ruling spirit of man and society, and Hellenism, which proclaimed that physical strength is and should be the ruling spirit. It was the ancient struggle between the ideals which later found its expression in Christianity and Paganism, which was the ruling force.

of the then known world. Thus, the celebration is regarded a victory of light over the forces of darkness.

On this Feast of Lights the Jews kindle a light every day for eight days to symbolize purity, love and mercy, righteousness and compassion.

Temple Beth Israel will hold a special children's Chanukah service at 8 o'clock this (Friday) evening at the Temple. Children of the religious school who will take part in the service are Phyllis Kreitzer, Herbert Bernstein, Faye Rosen, June Rosen, Leonard Shapiro, Bernie Shapiro, Neal Blum, Jerry Blum, Stanley Ring, Edward Cohen, Stanley Levine, Chester Cohen, Lenny Lassoff and Julian Weber.

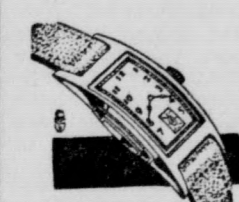

COUNTY WILL BUILD SANTA ANITA CHANNEL

Los Angeles Flood Control District submitted plans for construction of the Santa Anita wash channel from Colorado blvd. to the Rio Hondo Wash, at a meeting of the Monrovia City Council Monday evening. Because the project affects both Arcadia and Monrovia, a meeting has been arranged between the Arcadia and Monrovia city councils to discuss the matter.

FAMED MILE OF TREES TO BE LIGHTED AGAIN

Altadena's famous "Mile of Christmas Trees" will again be lighted from Christmas eve until New Year's night. County supervisors allocated \$1000 to the project, and the city of Pasadena has agreed to put up \$1600 toward the fund. This will be the 19th season of the spectacular tree-lighting. Each year it draws nearly 100,000 visitors.

Time Now To Plant Lovely Larkspur

The Larkspur is one of the very few annuals that can be planted in the open ground at this time of year, as they are a very hardy flower and can stand the cold weather such as it is in the southland.

Larkspur comes in a great many colors and for cut flowers around the first of the year we can think of nothing better.

You may sow them in the ground as you would any other annual, that is, by soaking your ground well one day, the next day spading it up, raking it over, planting the seed about one-fourth inch deep, tamping it down with the back of your rake, then rake it lightly with the same tool and not watering them until they show above the ground.

Or the seed may be broadcast and raked in the ground, leaving it to the rains to bring them up.

Legion Auxiliary Sets Membership Goal At 500,000

With one-half million members as its goal, the American Legion Auxiliary is making a strong start on enrollment of its membership for 1940. Alyce Anderson, membership chairman of Sierra Madre Unit, announced yesterday. The local unit is bringing an invitation to join the Auxiliary to all eligible women in Sierra Madre at its meeting in the city hall Dug Out December 14, when all eligible women are invited as guests.

"This year the Auxiliary has an enrollment of 480,000," she said, "the largest in its history and a gain of nearly 20,000 over the previous year. A like increase in 1940 will bring us to our goal of 500,000 members."

"The Auxiliary has not yet approached the limits of its possible membership strength. All wives, mothers, sisters and daughters of Legionnaires and deceased veterans, and women who themselves were enlisted in World War services are eligible."

Put Fifty Million Christmas Seals In The Mails

More than fifty million Christmas Seals were placed in the mails by the Combined Christmas Seal Fund which is conducting a joint Seal Sale for the

Los Angeles County Tuberculosis and Health Association and the Association in Los Angeles City. When you receive your Christmas Seals, remember the important work they do. Remember Help to Protect that they help find your home from tuberculosis in your Tuberculosis community; that they help to protect your home from the disease which kills more persons between the ages of 15 and 35 than any other single cause. By sending in your check for your seals promptly, and using them on all holiday mail between now and Christmas, you will be helping to protect your home and that of your neighbors from disease which needlessly kills more than 4,000 people in California every year.

All-Year Club Bids for War-anchored Vacationers

In a bid to bring to Southern California American travelers shut off by war from Europe, the All-Year Club, official Southland tourist attracting organization, is blanketing large American cities with full-color window displays highlighting the fact that scenery of all the world can be found here. Carl Watts, builder of the display, and pretty Tanya Widrin are addressing the first one which is going to the American Express Company office in New York City. Thirty inches high and 80 inches wide, each display is made up of three panels, the center one showing a typical motion picture "location map" of Southern California. The two side wings are colored enlarged photographs of tourist attractions. One complete and parts of many unfinished displays are seen in this picture, taken in Watts' workshop.

Wilson craft classes are making Christmas gifts— wall plaques, salad servers, leather bookends, etc., for child patients and disabled war veterans throughout the country.

James McLeod is president of Miss Ferne Downing's class in personality and manners, the 10-1 conference topic for the semester. The classes have been studying personality, manners and how to win and keep friends. Many books have been read and reviewed.

Hi-Y and Tri-Y clubs of Woodrow Wilson will contribute baskets of food for Christmas, in cooperation with the YMCA and YWCA. Ernest Breton, 10-2 student, was one of seven new members voted into the Hi-Y club in November.

What A Girl Sees

Ramblin' 'Round

A VIEW of the desert and sea while driving in the mountains is something that can be done only in California. ... where spring flowers bloom in December and all "unusual" things happen. ... But Lillian Gostelow, the young lady who takes care of the advertising for the NEWS, took such a trip on Thanksgiving day ... and says the scenery on the drive to the desert by way of Riverside to Palm Springs, then on the Palms to Pines highway ... where in about 20 minutes out of Palm Springs you find yourself up in the mountains in company with pine trees ... while below is the desert gorgeous in purple and yellow-pink flowers ... and in the distance the exceedingly bright blue Salton Sea ... 240 feet below sea level.

The desert looked like a picture postcard ... unbelievable ... Miss Gostelow said ... with springtime flowers blooming in autumn loveliness ... Heavy rains in September followed by warm weather caused riotous growth of desert flowers. Stops at bat gardens were enjoyed by the desert trippers.

Bright flowers are also growing in the uncultivated section of the desert along the Imperial Valley highway lying 15 miles east of El Centro ... including the range of rolling sandhills close to the Colorado river. ... Gorgeous verbenas are now blooming in profusion on the highway between Holtville and Yuma ... and in the sandhills known as the "Sahara of America" where recent heavy rains in Arizona brought new life to the desert flowers east of El Centro. They will probably bloom profusely during December ... and if an occasional winter shower happens along ... they will probably last well along into the spring.

Old residents of the Imperial Valley say that in the 30 years of their recollection the autumn weather has never been so delightful. ... Myriads of green leaves are appearing on ocotillos west of El Centro on the route to San Diego but the huge flame-colored flowers have not yet appeared. ... In Death Valley ... where the temperature range has been from 80 to 85 degrees with a minimum of from 50 to 55 degrees, the desert is in bloom with the beautiful white desert flowers ... —Viola Backes

Annual Church Event
Brings Out Many
Interesting Entries

Elaborate and striking table arrangements won the admiration of the large number of Sierra Madres who attended the dinner at Congregational Church Friday evening, concluding the annual flower show and apron sale. A "Moonlight Sonata," table decoration by Mrs. H. W. Glidden, received first prize. The theme was to express appreciation for the gift of the new church organ which was dedicated Sunday. Center of attraction on the table was a bust of Beethoven placed on sheet music of the composer's famous sonata. Tall cathedral candles and a gilded lamp in the background with a floral arrangement of hibiscus added to the attractiveness.

Mrs. W. T. Clement won second prize for her table which featured an umbrella plant and three green china giraffes. Third prizes went to Mrs. H. B. Hersey for her fruit arrangement and to Mrs. E. G. Everett for her table decoration of green pine cones.

In the flower show, judges for which were Mrs. W. J. Lawless, Mrs. Ralph Russell and Carl Hart, prizes for arrangements went to Mrs. W. S. Hull, first and third; Mrs. Hortense Hill, second; and Mrs. Alyce Anderson, special. Mrs. W. E. Pratt won first prize in the rose division; Mrs. E. G. Everett, second, and Mrs. Maybelle Barker, third. Mrs. Barker also was awarded a special prize for her green rose.

Prizes in other divisions went to Mrs. Charles Askew, first in vases; Mrs. H. S. Dowling, second; baskets (autumn leaves and berries) C. W. Jones first; Mrs. Hortense Hill, second; baskets of chrysanthemums, Mrs. A. J. Barkman, first; William Kennedy, second and Mrs. E. Turner, third. Mrs. W. J. Lawless won first for her cascade chrysanthemums and Mrs. J. S. Billheimer was given first prize for her basket of other materials. Wistaria Vine Gardens made first place in the plants division, and a blue ribbon went to Mrs. Katherine Miller for her special arrangement of poinsettias and Japanese rice paper plant.
